

Aminul Islam

UI/UX Designer

Driving Innovation through Collaborative Excellence

To craft modern, intuitive user interfaces and seamless user journeys by applying strong UI/UX principles, staying current with industry trends, and bringing a positive mindset and eagerness to learn and grow. With a strong background in user-centered UX design and cross-functional collaboration, I have a proven track record of delivering impactful digital products for clients such as UNDP, the World Bank, the ILO, and various Bangladesh Government Ministries.

How I Add Value to Your Team

Problem Solving & Design Thinking	Skilled at translating complex user problems and business requirements into simple, elegant, and effective design solutions.
End-to-End Product Design	Proficient in designing and delivering solutions from concept to execution, including wireframes, mockups, user flows, and high-fidelity interactive prototypes.
Cross-Functional Collaboration	Experienced in working closely with product managers, engineers, and stakeholders to define and achieve product goals effectively.
Design Communication & Presentation	Strong communicator with the ability to clearly articulate design decisions, present work to diverse audiences, and incorporate feedback seamlessly.
Design Systems & Consistency	Well-versed in building, maintaining, and contributing to product design systems and component libraries to ensure visual and functional consistency.
Team Collaboration & Mentorship	Provide constructive feedback to peers, review design work, and share ideas to encourage innovation and continuous improvement.
Task Management & Documentation	Capable of coordinating design efforts by creating clear, detailed design tasks and documentation that align with product needs.
Implementation Support	Partner closely with developers to ensure pixel-perfect implementation and deliver intuitive, user-friendly experiences.
User Advocacy & Research	Advocate for user needs by engaging in user research, conducting usability testing, and using insights to drive design decisions.

Professional Experiences

nazdaqTechnologies Inc.

Jun 2015 to Oct 2019

Web/Graphic Designer

Redesigned the company website with a modern, responsive interface, improving user experience and engagement. Created a cohesive visual identity for marketing campaigns through branded materials, boosting lead generation, reducing bounce rates, and enhancing brand recognition and client satisfaction.

Dream71 Bangladesh Ltd.

Nov 2019 to

Present

UX Specialist, Product Designer

I lead cross-platform design initiatives by deeply researching user needs, defining intuitive user flows, and structuring effective information architecture. I craft wireframes, interactive interfaces, and high-fidelity mockups using real data to ensure relevance and accuracy. Through advanced prototyping and rigorous usability testing, I deliver user-centric design solutions that align seamlessly with business objectives and drive product success.
